The Annual Chemical Environmental Technology & Equipment

Organizers:

China Chemical Industrial Equipment Association
Zhejiang Pump & Valve Industry Association | Wenzhou Longwan District Valve Industry Association
Zhenwei Exhibition Group

Partners:

Shanghai Chemical Industry Association | Shanghai Coatings and Dyestuff Trade Association
Shanghai Society for Advanced Materials | Jiangsu Pump & Valve Industry Association
Jiangsu Petrochemical Equipment Industry Association | Jiangxi Association of Environmental Protection Industry
Shandong Society for Environmental Sciences | Shandong Household Chemicals Industry Association
Fujian Petrochemical Equipment Industry Association | Nanjing Energy Saving and Environmental Protection Industry Association
Wenzhou Pipe Fittings Industry Association | Wenzhou Wanzhou Chamber of Commerce
Jingjiang Pump and Valve Industry Chamber of Commerce | Huizhou Petroleum and Chemical Industry Association
Jiaxing Port Area Petrochemical Association

Host

Guangzhou Zhenwei International Exhibition Co.Ltd

www.ctef.net

The year 2025 will mark a key period of global energy transition and further progress toward China's "dual carbon" goals. It will also be a year for steady economic growth domestically, with proactive macro policies. Only companies that continuously focus on technological R&D will be able to navigate capacity cycles and achieve long-term excess returns, especially those involved in upstream chemical innovations, new equipment, and processes, which have vast market potential.

CTEF 2025 Profile

The 17th Shanghai International Chemical Equipment Fair (CTEF2025) will be held at Shanghai New International Expo Center, from June.5-7,2025. With an exhibition area of 70,000sqm, CTEF2025 will present 1,000+ exhibitors from 20+ countries and regions and 100+ expert speakers.

CTEF has attracted famous enterprises to gather, such as PILLER,HERMETIC-Pumpen, HEINKEL, NETZSCH, Henkel, KSB, TÄV Rheinland, Senso-Tech, Protego, Karcher, HTRL, Corning, Tuthill, Hunt & Mitton, Peak, Halifax Fan, GNR, TRAVAINI, Rocksensor, TOP BLOWER, INEM, Daikin, TEIKOKU, Veolia, sulzer, CRRc China, AECc, Sinochem, Shengu Group, LUXI Group, shanghai Electric, Snowman Group, SCIMEE, CSSC, etc.

Why choose CTEF?

1. In 2025, the import and export trade volume of chemical equipment and related products in China reached hundreds of billions, and the import demand is very huge.

2. With 18 years of growing, CTEF has become the largest display platform for chemical equipment in China.

3. The visitors of CTEF include 18+ overseas visitor groups, 60 industry associations, 80+ chemical industry parks, 30,000+ chemical engineering companies, and more than 10,000 pump and valve distributors, helping enterprises efficiently and accurately find different partners.

4. CTEF has a strong background: organized by China's largest private exhibition company (Zhenwei Exhibition Group) and the national association (China Chemical Equipment Association).

5. CTEF has over 110 media partners including both professional chemical media and mainstream media such as CCTV, Xinhua News etc.

⚙️ Technical Insights Forums:

There will be more than 10 themed seminars at CTEF. The expo has invited over 100 industry experts from national ministries, national industry associations, chemical equipment enterprises, chemical production enterprises, chemical research institutes and authoritative media, to explore industry hotspots and development trends, achieve integration of technology, information and scientific achievements.

- ◆ 2025 China Chemical Equipment Industry Summit Forum
- ◆ 2025 Symposium on Micro Chemical Technology Research and Equipment Engineering Application
- ◆ The 7th Symposium on Advanced Treatment and Recycling Technology of High Concentration Chemical Wastewater.
- ◆ 2025 Valve Pipeline and Fluid Technology Summit Forum
- ◆ 2025 Symposium on Comprehensive Treatment of Organic Waste Gas from Chemical Industry
- ◆ 2025 Chemical New Material Application Technology Seminar
- ◆ Chemical Safety Management Automation Technology Development Seminar.
- ◆ 2025 Seminar on the Construction of Smart Chemical Industry Park

⚙️ Speakers

Zhang Hongtao, Vice Chairman

Shanghai Municipal Commission of Economy and Informatization

Fei Weiyang, Academician

Chinese Academy of Sciences

Zhishan Bai, Associate Dean

East China University of Science and Technology

Koubao He, Secretary General

Shanghai Society for Advanced Materials

Gongchun Zhang, Vice president

China Chemical Enterprise Management Association

Yi Jiang, Vice president

Corning

Xi Tang, Chairman

Shanghai New Materials Association

Shengyuan An, Professor

East China University of Science and Technology Associate

Jun Li, Director

Snowman Group

Sen Li, Director

Shanghai Research Institute of Chemical Industry

Liping Chi, Chief Engineer

Shanghai Chemical Industry Park Fengxian Sub-zone

Guangming Li, Professor

College of Environmental Science and Engineering, Tongji University

Facts and Figures of CTEF

USA	15%	Belgium	11%
UK	6%	Holland	8%
Germany	4%	Sweden	9%
Japan	2%	Spain	6%
Russia	2%	Singapore	4%
Korea	2%	France	2%
Italy	2%	Switzerland	2%
Canada	2%	Other	23%

Satisfaction of exhibitors

■ Displaying company product	95%
■ Promoting company brand	92%
■ Meeting customers	81%
■ Expanding market channels	74%
■ Finding partner	72%
■ Getting cutting-edge information	70%

Range of visitors

■ Purchase	18.9%
■ Management/Decision	28.9%
■ R&d/Production	21.8%
■ Marketing/Sales	15.4%
■ Engineering/Maintenance	10.7%
■ Other	4.3%

Visitors are from

◆ Petrochemical	28.89%
◆ Fine chemical	18.82%
◆ Pharmaceutical industry	15.10%
◆ Environmental water treatment	13.65%
◆ Pesticide raw materials	12.31%
◆ Engineering company	7.20%
◆ Research institution	4.03%
◆ Other	1.16%

Satisfaction of Visitors

◆ Willing to visit the next expo	90%
◆ Achieving cooperation	85%
◆ Having intention to cooperate	80%

Exhibits Profile

	<p>Petrochemical Equipment</p> <p>Petrochemical plants and equipment, petroleum refining technology and equipment, petrochemical process and technology, etc.</p>
	<p>Chemical unit Equipment</p> <p>Chemical production equipment for crushing, stirring, mixing, reaction, mass transfer, separation and filtration, concentration and drying, evaporation and crystallization, heat transfer, refrigeration, transportation, storage, packaging, etc.</p>
	<p>Chemical Environmental Protection Equipment</p> <p>Technology and equipment for wastewater treatment, waste gas recovery and treatment, solid waste treatment, environmental monitoring, soil remediation, etc.</p>
	<p>Pump, Valve, Pipeline</p> <p>Pumps, valves, valve accessories, pipes, pipe fittings, fans, compressors, vacuum equipment, reducers, etc.</p>
	<p>Automation and Instrumentation</p> <p>Special instruments and meters for chemical industry, factory automation, electrical automation, industrial robots, intelligent identification, sensing, monitoring systems, automation control systems, information technology software, etc.</p>
	<p>Safety Protection and Emergency Fire Protection</p> <p>Explosion-proof electrical technical equipment, safety monitoring technical equipment, safety protection supplies and equipment, fire protection equipment, industrial anti-corrosion, equipment maintenance, maintenance and management, etc.</p>
	<p>Smart Chemical Industry Park</p> <p>Image exhibition of chemical industry park, integrated management of smart chemical industry park, environmental governance of chemical industry park, internet of things, cloud computing, big data, etc.</p>

Professional Visitors

With over 10 years of development, CTEF2025 attracted more than 100,000 visitors to the expo from petrochemical, environmental watertreatment, pesticide and fertilizer, coating and dye, pharmaceutical industry, engineering companies, fine chemicals, research institution, associations and media, helping to promote the effectiveness of CTEF 2025
